Dear Parents,

I'm writing to you about an unbelievable opportunity that is being given to you and your children that attend The Gray Charter School.

Mr. Gary Null, Ph.D. American's leading Health and Nutrition Expert, Alternative Medicine and Natural Healing Advocate, award-winning Talk Radio Host, and Documentary Filmmaker will be coming to speak to The Gray Charter School's parents, children and staff on November 9, 2010. Mr. Null usually receives more than \$200,000 per speaking engagement, however, he will not charge us anything if you come to his lecture. He wants you and your children who attend The Gray Charter School to be present. He's doing this as a community service, **to help you**. He will be talking about health issues that affect you and your children such as asthma, diabetes, high blood pressure, proper diet, nutrition, and many more subjects. He will be giving you instructions, since he is an expert and has helped many people, on how to really **Get Healthy**. The only thing that he wants is for you to come to this free **Health Talk** and your children also to be present. Your children in grades K-2 are to draw a picture of Mr. Null and write under it one thing that he talked about. They will receive a listening and speaking grade, which is a Language Arts grade. Children in grades 3-8 will have to take notes during the Health Talk and write their report based on their notes. This report will be due the next day Wednesday November 10, 2010. There will be no other homework assigned that evening so they can write their compositions. They will get a listening, writing, speaking, and spelling grade.

This **free** Health Lecture will be:
